AAUW's advocacy work builds upon a century of responsible public participation at the local, state, national, and international levels. The member-endorsed Public Policy Program illuminates and advances AAUW's mission of promoting equity and education for all women and girls. AAUW conducts comprehensive advocacy to pursue its public policy priorities, developing and implementing coordinated legislative and grassroots strategies to break through educational and economic barriers so all women have a fair chance.

The AAUW Public Policy and Government Relations Department – with input from the member leaders of the AAUW Public Policy Committee – implements the public policy program. But it is AAUW member advocates across the country who speak their minds on AAUW issues that truly advance AAUW's mission. So join with members in our branch and across the nation to speak out on issues that are important to women and girls by becoming a **Two-Minute Activist** today!
